

LUCAS COUNTY JR. FAIR LIVESTOCK AUCTION

JULY 17, 2020 - 1:30 PM

Dear Jr. Fair Livestock Auction Supporter,

As we all know, this year has presented many challenges for all members of the community, but we are happy to announce the Lucas County Jr. Fair is going on as scheduled. After much consideration, the Jr. Fair Livestock Committee and Auction Committee has had to make a few adjustments to how our annual auction runs. Our goal is to do as much as we can for the Lucas County 4-H and FFA youth while following all public health guidelines.

- The youth exhibitors will be entering the auction ring without animals.
- All Outstanding Exhibitors, Grand Champions, and Reserve Champions will be line items in the auction including livestock and gardening projects.
- In addition to those champions, all other exhibitors will be participating in the auction as one sale line rather than for each animals raised
- No buyer dinner will be available this year due to health department guidelines.

The changes above are to accommodate the exhibitors and sponsors alike. We understand that this pandemic has effected all community members differently and with possible economic impacts. We appreciate your continued support this year to benefit these hard-working youth.

We welcome you to attend our livestock shows and livestock auction following social distance guidelines, but we also understand that may not be possible for some. The Buyer Support Form can be used for those unable to attend the auction as a way to share sponsorship amounts among all exhibitors or for specific exhibitors.

We appreciate your continued support and look forward to seeing you July 17th.

Livestock Auction Committee
